TRS

T/O and Personnel Requisitions

1. Attached, per your request of 14 July, are a copy of the T/O of TRS, with incumbents and classifications, and requisitions for personnel to fill vacant positions.

2. The requisitions are intended to replace all previous personnel requests made by TRS. According to our records, the only requisitions now active are Control Numbers 142 and 144.

3. It is hoped that all these requisitions can be filled before 1 January 1948 by personnel returned from the field who have had valid operational experience.
